MEMORANDUM FOR: Warning Working Group Members

Because I lost two days to the Congress this week, I am running somewhat behind schedule. It may be necessary to postpone consideration of the DCID until I return from [redacted]. Let us plan in any case on considering the attached revised production strategy at our meeting on Friday, 16 March, at 1:15 p.m. (Room 7E62). The meeting originally scheduled for 9 March is canceled.
